

# The New Danhydra Bolt Cleaner

## EVEN MORE EFFICIENT BOLT CLEANING:

Danhydra knows the importance of being efficient on site. The philosophy behind the new design is to ensure that no time is wasted preparing the bolt cleaner for use. The new tool features:

- Disposable brush insert
- Fast and easy insert change
- No tools needed

## THE PROGRAM:

The bolt cleaner program is applicable for a variety of applications - different lengths and diameters are available - See below the complete program including insert item numbers. The bolt cleaners come in ø70mm (type A/B), ø80mm (type C), and ø90mm (type D) depending on bolt size.

Effective length: 120mm (4,7")

Size	Tool no	4 Spare Inserts	Type
5/8"	350506	350550	A
7/8"	350507	350551	A
1"	350508	350552	B
1-1/8"	350509	350553	B

Effective length: 220mm (8,4")

Size	Tool no	4 Spare Inserts	Type
M30	350526	350554	C
M36	350527	350556	C
M42	350528	350558	D
M48	350529	350560	D
M56	350596	350600	E
M64	350597	350602	E
5/8"	350510	350550	A
7/8"	350511	350551	A
1"	350512	350552	B
1-1/8"	350513	350553	B
1-1/4"	350514	350555	C
1-1/2"	350515	350557	C
1-3/4"	350516	350559	D

Effective length: 320mm (12,5")

Size	Tool no	4 Spare Inserts	Type
M30	350530	350554	C
M36	350531	350556	C
M42	350532	350558	D
M48	350533	350560	D
5/8"	350518	350550	A
7/8"	350519	350551	A
1"	350520	350552	B
1-1/8"	350521	350553	B
1-1/4"	350522	350555	C
1-1/2"	350523	350557	C
1-3/4"	350524	350559	D
2"	350525	350561	D

Type A: Ø70mm  
 Type B: Ø70mm  
 Type C: Ø80mm  
 Type D: Ø90mm  
 Type E: Ø110mm

## BENEFITS:

Using the Danhydra bolt cleaner, eliminates time consuming manual cleaning of the bolts and ensures high quality repeatability.

After cleaning the bolts you can rest assured that your bolt connections are pre-tensioned according to the torque you have applied.
